*Ticket price includes breakfast, coffee and tea, electronic copies of presentations and spot prizes*

**Location:** Functions by the Bay – Cnr Plowman Place and Young Street, Frankston

All attendees are eligible for a  
complimentary energy assessment

## Victorian Waste Management Association

The Victorian Waste Management Association (VWMA) is the key division of the Victorian Transport Association representing Victoria's waste and recycling sector. We are a member based, not for profit association that promotes best practice and the highest industry standards. We provide advice on industrial relations, occupational health and safety issues and environmental regulations.

The VWMA represents its members and advocates on their behalf on issues and policies affecting them by developing professional relationships with the relevant Government agencies, media, the wider waste industry and the public.

## Choice Energy

Australian owned and operated, Choice Energy is an award-winning, energy consultancy founded and headquartered in Melbourne with more than 8,500 customers nationwide. Founded in 2013, its core goal is to help businesses and residents use less power from the grid and pay less for the energy they use. Choice Energy can help you future proof your business from rising energy costs, enhance your sustainability initiatives with clean energy and provide ongoing optimisation to ensure you use energy efficiently. All attendees are eligible for a complimentary energy assessment from Choice Energy.

## Equilibrium

Equilibrium is a boutique environment and sustainability strategy and management company, that has since 2009, completed more than 200 leading-edge projects around Australia and overseas. With more than 30 years collective experience in environmental management and sustainability, Equilibrium brings together practical services and products that support sustainability, reputation and innovation.

## Beyond Zero Emissions

Beyond Zero Emissions (BZE) is an internationally recognised climate change think tank, providing independent and ambitious climate change solutions for Australia.

BZE recently won a Victorian Premier's Sustainability Award for their work on 'Electrifying Industry'. They are now influencing the wider community and industry about the environmental benefits of using renewable electricity to eliminate emissions.

## Sustainable Australia Fund

Australia's leading provider of Environmental Upgrade Finance, Sustainable Australia Fund (SAF) provides up to 100% of the capital needed by businesses wanting to upgrade their energy infrastructure and unlock efficiencies and environmental outcomes. SAF believe that every dollar invested will improve customers' cash flow while making the world a better place.
